Is announced hereby as a can-
didate for the Democratic Nomina-
tion as Clerk of the Town of
Nogales, subject to the will of
the Democratic electors thereof,
as it may be expressed at the
Municipal Primary Election to
be held on the twentieth day of
April, A. D., 1916.

WELCOME, COWMEN.

Collector C. E. Hardy's Address to
Our Visitors Today.

The following is the address
of welcome to the Pima and
Santa Cruz County Cattle Grow-
ers' Association in session here
today, delivered by Collector C.
E. Hardy:

MR. PRESIDENT AND GENTLE

MEN:—
In behalf of the Mayor and
Citizens of Nogales, I extend to
you their greetings, and a cor-
dial and hearty welcome to our
city.

I regret to state that we have
not as yet reached that state of
progress and development, that
would assure you such enter-
tainment as you deserve, and
which we would be delighted to
extend you. Our mammoth and
colossal hotel, which we have
heard so much about during the
last two years, as well as our
convention hall, still sleep in
the hands of what seems to be
an inactive committee. By way
of apology, however, I desire to
say that this committee might
awake from its slumber some-
time in the future, thereby en-
abling us to supply you with
those much needed conveniences
and comforts, should you again
have occasion to visit us.

I also regret to say to you
gentlemen, that owing to that
great degree of thoughtfulness,
and special care that one portion
of our citizenship so persistently
exercises over the other, we are
unable to supply you with that
tonic that has in all ages, except
this particular and mysterious
age, been one of the chief at-
tractions for gentlemen and cow
punchers on an occasion like the
present.

If, however, gentlemen, there
is anything else in the city
which you have not already got-
ten, which I very much doubt,
and which you still desire, I take
great pleasure in referring you
to my esteemed friend, Santa
Cruz County's principal cattle
grower, and one of Nogales' most
estimable citizens, Joe Wise, who
I assure you will supply your
wants. Let me admonish you in
advance, however, that any man
who follows Joe, and I care not
where he leads, might find him-
self in one hell of a fix. I fell
for a like experience at Prescott
gentlemen, and I know whereof
I speak.

I trust, gentlemen, that your
stay with us may prove pleasant
and congenial, that your delibera-
tions will be fraught with the
highest degree of wisdom and dis-
cretion, thereby enabling you to
solve every problem that con-
fronts you, in such a manner as
to insure for your great indus-
try, the greatest amount of effi-
ciency and success.

I have had the honor of ad-
dressing two of your State Con-
ventions, of mingling with your
delegates, and participating in
their deliberations, and the zeal,
interest and cooperation mani-
fested on each of these occa-
sions, has shown conclusively
that when you bring together, in
perfect harmony, all the avail-
able agencies at your command,
that your organization will stand
second to none in achieving such
results as you may desire.

The importance of your indus-
try should appeal to every other
industry in the state, it being
second only to copper, but this

importance must largely, if not
wholly, depend upon your own
attitude. Through organization,
cooperation, and energetic action
on your part you should wield a
commercial influence in the state
that must necessarily attract the
attention of other enterprises,
and which will prompt them to
court rather than ignore your
influence.

After having achieved the
power that justly belongs to
you, it should become easy to
secure proper legislation, fair
judicial decisions and proper
verdicts from juries which I am
informed has not always been
your lot in the past.

These defects, however, can
not be remedied unless you de-
velop the highest degree of
strength, morally, politically and
commercially.

Whether it be right or wrong,
I care not to discuss at this time,
but it is, nevertheless, a fact,
that the more power any great
industry can wield, the more
avenues will be accessible
through which it may reach the
purpose for which it exists, bear-
ing in mind of course at all
times, that such power must not
be oppressive, but used in con-
formity with all legitimate pur-
poses only.

My official connection during
the last two years with the dif-
ferent cattle organizations, as
well as individual growers
throughout the state, has en-
abled me to come in contact with
your industry as I could never
have hoped to have done other-
wise, and the courtesy and con-
siderate treatment that you have
at all times accorded me, has
been of the highest character,
which will prompt me, gentle-
men, to ever entertain the high-
est respect for your integrity,
the most complete confidence in
your honesty, and a profound
hope that the greatest possible
success may crown every effort
that you put forth toward bring-
ing to the very highest state of
efficiency the second greatest in-
dustry in the great State of Ari-
zona.

Again gentlemen, I extend to
you a hearty and cordial wel-
come to our city.

Will Recall Sheriff Forbers.

Petitions for the recall of A.
W. Forbes, sheriff of Pima coun-
ty, are being circulated in Pima
county, as a result of the killing
of Mrs. Charles F. Bates, last
Tuesday night, by Deputy
Sheriffs Wiley Johns and City
Officer Salazar.

Mrs. Bates, in company with
her husband, Captain C. F. Bates,
a capitalist of St. Louis, who is
in Arizona for his health, was
en route to the Bates country
home on the Oracle road from
the theatre, when fired upon by
the three officers.

The officers had gone out on
Oracle road on information that
a woman had been robbed of
\$2,000 in jewelry at an amuse-
ment park near the Bates coun-
try place.

When Captain and Mrs. Bates
passed in their machine, the of-
ficers ordered them to halt. The
muffler of the machine was open
and Capt. Bates says that he did
not hear the command.

Before he had gone fifty feet,
all three officers opened fire. One
bullet went wild, another
lodged in the back of the ma-
chine and a third passed through
Mrs. Bates' body from shoulder
to shoulder, killing her almost
immediately. All three officers
were arrested as soon as the
shooting was reported and are
held without bond.

The following are the grounds
stated in the petition for the re-
call of Sheriff Forbes:

"Within a year, we have had
three murders in Pima county,
all emanating from the Sheriff's
office, and two deputies have
been sent to the penitentiary.
Instead of protection, two of our
citizens have been hung in cold
blood; a wife and mother has
been shot down by the side of
her husband on the public high-
way. Burglaries and other crimes
are committed and the guilty
not apprehended or brought to
justice. The sheriff has appoint-
ed and retained as a deputy, Joe
Wiley. Conditions are intoler-
able. No one is safe. It is time
to clean house."

\$100 Reward, \$100

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is catarrh. Catarrh being greatly
influenced by constitutional conditions
requires constitutional treatment.
Hall's Catarrh Cure is taken internally
and acts thru the blood on the mucous
surfaces of the system thereby de-
stroying the foundation of the disease,
giving the patient strength by building
up the constitution and assisting na-
ture in doing its work. The proprie-
tors have so much faith in the curative
powers of Hall's Catarrh Cure that
they offer One Hundred Dollars for any
case that it fails to cure. Send for list
of testimonials.

Petitions Are Being Circulated to In-
itiate Local Option Law.

A recent dispatch from Phoe-
nix says.

Copies of the new local option
amendment to the state constitu-
tion which will be initiated by the
liquor forces and placed on the
ballot at the next general elec-
tion are being circulated here.
The proposed amendment would
add several sections to the ex-
isting prohibition amendment,
and provide that an election may
be called by 15 percent of the
voters of any county or incor-
porated town for the purpose of
submitting any measure exempt-
ing such county or town from the
provisions of the prohibition
amendment. The bill as drawn
would limit the number of places
where liquor may be sold to one to
each 1000 inhabitants, and would
compel liquor dealers to pay in
addition to all other licenses im-
posed, an annual tax of \$500 to
the county road fund in which
the saloon is located.

The bill provides further that
no liquor shall be sold on Sun-
days or between 11 p. m. and 6
a. m. on week days. Boards of
Supervisors may grant permis-
sion for additional places, where
liquor may be sold over and
above the 1 to 1000 limit at their
discretion. The bill also pro-
vides that it shall be lawful to
manufacture liquor in Arizona
for sale within local option dis-
tricts that have voted for the
sale of liquor, or for sale outside
the state. The bill makes no
mention of saloons as such.

Packard Agent Recommends Western
Motor Oil.

McArthur Bros., State Agents
for the Packard, received the
following interesting report from
C. L. Ross, manager of the Pa-
cific Car Co., of Tacoma, who
are agents for the Packard:

"We made a careful oil test
covering eight months, using
two eastern oils, and a western
oil made from asphalt-base crude.

"In spite of the fact that the
Packard carrying the western
oil was driven 3000 miles more
than the other two cars, it show-
ed less wear on cylinder walls,
rings, pistons and motor bear-
ings, with practically no carbon.
On the other hand, both of the
cars carrying eastern oil had
large carbon deposits.

"There's no question in my
mind about the superior quality
of western oil especially in the
present day high-speed motors
with their close-fitting pistons.
Freedom from piston drag, and
freedom from carbon are highly
essential in the operation of
these motors, and western oil
gives just the results needed."
